F-CLIP

Feature	Comment
Dimensions: 22mm W x 20mm D x 17mm H (when side-tabs are open)	• Can fit into D-Line 30x15mm Mini-Trunking • Can fit into 25x16mm traditional trunkings also
Can accommodate 2x 1.5mm 2 core Fire Performance cables	• 2 cables in 1 clip... Approximately 50% quicker to install than P-Clips for example
Produced from high temperature steel	• Robust design • Can withstand heat similar to fire-performance cables, to hold cables in-situ during fire conditions • F-Clips maintain strength after bending of side-tabs
Unique U-shaped design	• Easy to handle • Side-tabs push-over to hold cables secure
Pre-drilled hole in base (5mm diameter)	• Accepts shot-fire or screw-fixed steel fixings (Select suitable fixing type according to substrate)
Gold passivate finish	• Protects versus corrosive elements
Fully tested & certified	• Complies with requirements of BS5839 part 1 (2002 section 26.2d); BSEN50200:2000; & BS8434-1:2003
